Category B contract	80TECH26D1709: Enterprise-Wide ITC/AV Service Solutions
Category C contract	80TECH26D1919: Mission-Based ITC/AV Service Solutions
Contract type	Government-Wide Acquisition Contract (GWAC)
Ceiling	$20,000,000,000 per contract
Ordering period	10 years from the contract effective date (anticipated November 2026 to October 2036)
SEWP fee	0.34%
UEI	T54PFEW6MFZ3
CAGE	3AX12
Main office	1200 G Street NW, Suite 800, Washington, DC 20005
Phone	(202) 436-9222
Email	contracts@bridge-defense.com
Website	[https://www.federatedit.com/sewp]

SEWP overview

NASA SEWP (Solutions for Enterprise-Wide Procurement), pronounced “soup,” provides the latest Information Technology, Communication, and Audio-Visual (ITC/AV) solutions and services to all Federal agencies and their approved contractors. Created in 1993, SEWP I was the first Government-Wide Acquisition Contract (GWAC) in the federal acquisition space.

The vehicle originally provided only technology products for NASA and other agencies. Over the past 30 years it has expanded its scope to meet customer requests. SEWP is self-funded through a 0.34% usage fee and supports more than 50,000 orders a year.

Fair Opportunity and getting a quote

The SEWP Quote Request Tool (QRT) is the recommended way to request a quote from Federated IT. QRT automatically includes the Contract Holders in a selected group or a suggested source, which supports Fair Opportunity and the required decision documentation.

Under FAR 16.505(b)(1), each contractor must be given a fair opportunity to be considered for each order over $10,000 issued under a multiple-award contract. The Contracting Officer (CO) chooses the method and must document the rationale for the placement and price of each order.

What's in scope for SEWP VI

SEWP provides a broad suite of ITC/AV solutions and services. Because technology keeps changing, SEWP lets Contract Holders add new commercial technology and IT services to their contracts daily as customers request them.

SEWP VI contracts were awarded in three scope categories:

- Category A: ITC/AV Solutions
- Category B: Enterprise-Wide ITC/AV Service Solutions (Federated IT)
- Category C: Mission-Based ITC/AV Service Solutions (Federated IT)

To check whether a requirement is in scope, send an overview or bill of materials (BOM) to help@sewp.nasa.gov for a quick review.

Ordering process

Each agency's internal ordering process varies, and the issuing agency, not the NASA SEWP Program Management Office (PMO), defines the forms used. Typically:

1. An end user identifies a requirement and creates a Purchase Request (PR).
2. The PR and any funding information go to the agency's procurement office.
3. The procurement office issues a Delivery Order (DO). Any valid Federal agency DO form and DO number may be used.
4. The SEWP PMO reviews, processes, and tracks the DO, then forwards it to Federated IT.

Some agencies have their own rules for issuing IT orders through existing contract vehicles and GWACs. The issuing agency's Contracting Officers (COs/KOs) are responsible for knowing them. SEWP does not require agencies to use any intermediary procurement office unless their own policies direct it.

Any modification to an order must also be routed through the SEWP PMO.

BRIDGE DEFENSE

Program support and contacts

Federated IT's SEWP Program Manager and Deputy Program Manager are the first contacts for any SEWP VI question, including problems with an order.

Role	Name	Email	Phone
SEWP Program Manager	Dan Phillips	dan@bridge-defense.com	(202) 436-9222
SEWP Deputy Program Manager	Griffin Hall	griffin@bridge-defense.com	(202) 436-9222
Sales / quotes	Contracts team	contracts@bridge-defense.com	(202) 436-9222
Order issues / customer service	Contracts team	contracts@bridge-defense.com	(202) 436-9222
Technical and post-delivery support	Contracts team	contracts@bridge-defense.com	(202) 436-9222

Post-delivery support. For installation, basic and extended warranty, technical support, and software support, email contracts@bridge-defense.com or call (202) 436-9222. Extended warranty or additional support is provided only when quoted and included in the order.

Problem orders. If an order has an issue, contact contracts@bridge-defense.com or (202) 436-9222 first. If it isn't resolved, escalate to the SEWP Program Manager above.

NASA SEWP Program Office. Email help@sewp.nasa.gov, call (301) 286-1478, or visit www.sewp.nasa.gov. Hours are Monday to Friday, 7:30 AM to 6 PM ET.
